

## 2011 Cover Glass Technology and Market Forecast Report

Understand cover glass technology trends and clarify market scope.

This report covers cover glass capacity, design concerns and technology trends, including manufacturing processes. It also covers demand and future outlooks by application, technology trends and drivers of growth over the coming years.

- Product planners can clarify market scope in this complex market
- Save resources and research time
- Build sound business plans with reliable data and analysis
- Understand cover glass technology trends and increase knowledge of the market

---

### Analysts

[Calvin Hsieh](#)

Taiwan  
Research Director

A specialist in TV electronics and the evolution of TVs related to media convergence.

[Shawn Lee](#)

China  
Research Director

Research includes panel maker capacity, TFT LCD components and product plans.

---

### Detailed Information

#### Data Covered

- Glass substrate makers' technology analysis
- Analysis on Supply/demand and capacity
- Cover glass process makers' technology trends, including manufacturing processes
  - Enabling touch as an intuitive user interface
  - Practical product design concerns
  - ID trends for IT and CE Products
- Total cover glass market scope and forecast
- Detail analysis cover glass market drivers and five-year forecasts by application (mobile phone and tablet PCs requiring cover glass)
- Raw Glass Technology & Essentials & Processing
- Raw Glass Source Suppliers & Supply Capacity

#### Key Questions Answered

- Where is the cover glass market headed over the next 5 years?
- What are the key drivers of cover glass growth over the coming years?
- How are tablet PCs affecting the market?
- What are the design concerns, capacity and processes in the cover glass market?
