

Quarterly Large-Area Production Strategy Report

Unique coverage of panel maker production plans.

This quarterly report offers the industry's most complete view of large-area panel production by analyzing panel makers' quarterly production plans. Subscribers receive production plans by application in different generation fabs - with granular detail down to the size by aspect ratio and by country.

With 100% coverage of the panel makers, the *Quarterly Large-Area Production Strategy Report* provides reliable information and insight needed to

- Evaluate production strategies
- Understand current capacity
- Spot key supply trends before it is too late
- Manage inventory

Analysts

[Shawn Lee](#)

China
Research Director

Research includes panel maker capacity, TFT LCD components and product plans.

[David Hsieh](#)

Taiwan, China
Vice President, Greater China Market

A noted expert in TFT LCD and LCD TV research and analysis throughout Asia.

Detailed Information

Data Covered

- 13 panel maker's glass input and panel output production and share by
 - Original specification
 - Panel size
 - Generation and MG Size
 - Aspect ratio
 - Country
 - Fab location
- 13 panel maker's cutting efficiency, large area total, small area total, equipment max and loading rate
- 13 panel maker's detailed production strategies
- Large Area TFT-LCD production by country: Korea, Taiwan, Japan, China, and Singapore
- Insight and knowledge from top DisplaySearch analysts and exclusive industry interviews

Key Questions Answered

- What production trends will drive future supply?
 - What are the keys to controlling inventory in the current market?
 - What are the most popular applications and sizes for production?
 - What are the production plans of each major panel maker?
 - How many panels by application and size will be produced each quarter?
-

Subscription Package

Frequency: *Quarterly*

Format:  

Delivery Schedule

Week 8: Excel Pivot Tables

Week 9: Powerpoint Analysis

Outline

- Executive Summary
- Methodology
- Large-Area TFT LCD Glass Input and Production Output
 - Large-Area TFT LCD Glass Substrate Input
 - Large-Area LCD Glass Substrate Input by Region
 - Large-Area LCD Panel Production Output by Maker
- Large-Area TFT LCD Production Output by Application
 - Notebook Panel Glass Input by Maker and Panel Size
 - Notebook Panel Production Output by Maker
 - Mini-Note Panel Glass Substrate Input by Fab Generation
 - Notebook PC Panel Glass Substrate Input by Fab Generation
 - LCD Monitor Panel Production Output by Maker, Panel Size and Aspect Ratio
 - LCD Monitor Panel Glass Substrate Input by Panel Size and Fab Generation
 - LCD TV Panel Glass Substrate Input by Maker and Fab Generation
 - LCD TV Panel Production Output by Maker and Panel Size
- Large-Area TFT LCD Production Strategy by Panel Maker
 - Samsung, LG Display, AUO, CMO, CPT, HannStar, InnoLux, Sharp, IPS-Alpha, Toshiba, BOE, SVA and IVO
